

Short-Term Use
Blood Pressure Cuffs

SunTech[®] *Vinyl*

SHORT-TERM USE BP CUFFS

Durable and Economical Enough for Short-Term Use

- + Easily Cleaned & Disinfected
- + 100% latex-free

- + 100% leak tested
- + Engineered for results you can trust

For nearly thirty years, SunTech Medical® has focused solely on the development of blood pressure measurement technologies for the most challenging and complex clinical environments. As automated monitors have become routine for blood pressure measurement, it is important to remember that the cuff is the sensor. With this in mind, SunTech now offers an economical blood pressure cuff solution for clinical areas where cleaning and disinfection are important—during procedures, in the emergency department, and EMS. SunTech’s Vinyl BP Cuffs can be easily cleaned, are rugged enough for short-term use, and are less expensive than traditional durable cuffs.

+ Description

Cuffs are made with vinyl material that can be easily cleaned and disinfected.

Lower cost than traditional durable cuffs makes short-term use affordable.

Value in a durable, single-piece design for multiple inflations.

Tapered end for easier cuff application. Color-coded for quick size selection. Interior & exterior range indicators ensure accurate cuff sizing and fit.

100% leak tested for trust, value, and reliability.

Engineered to meet AHA, AAMI-SP10, and MDD guidelines for results you can trust.

100% latex-free materials promote patient safety.
